

**STATEMENT OF PROPOSAL FOR THE**

**CLUTHA DISTRICT COUNCIL**

**Schedule of Fees & Charges**

**Submissions close on 15 May 2024**

## Proposed Schedule of Fees & Charges

The Schedule of Fees and Charges identifies all of the various fees and charges payable for Council activities and services.

Council is proposing an update to the Schedule of Fees & Charges for the financial year from 1 July 2024 to 30 June 2025.

### **CHANGES TO THE SCHEDULE**

The majority of our fees and charges have either stayed the same as in 2023/24 or have been increased only by a standard inflationary adjustment; however as noted below there are other proposed changes to be aware of:

- Increasing building and resource consent fees to ensure this activity meets target recoveries.
- 3 new building fee categories have been created to reduce the cost to the applicant.
- Community Housing has increased slightly above inflation to match the consultation document.
- Solid Waste fees have increased to match actual costs at the time budgets were developed in 2023.

### **MAKING A SUBMISSION**

The proposed Schedule of Fees & Charges is attached.

Your views on the proposed Schedule are important to us, and we encourage you to make a submission.

**Lodgement:** Submissions can be made in the following matter.

**WHAT HAPPENS NEXT?**

- We are inviting submissions until 15 May 2024.
- There will be a meeting held at 1 Rosebank Terrace on 23 and 24 May 2024 to hear those who wish to speak to their written submission.
- The Council will consider all submissions, make its decision and then let submitters know the outcome.
- The new Schedule of Fees & Charges will apply from 1 July 2024.

For the reader's convenience changes have been marked in red.

#### 24.1 To Calculate your Premises Risk Rating and Fee

**Step 1** – select your premises type from Table 1 – record the weighting in the box below

**Step 2** – select your latest closing time (based on what is on your licence) from Table 1 – record the weighting in the box below

**Step 3** – select the number of enforcements for your premises in the last 18 months from Table 1 – record the weighting in the box below.

**Step 4** – add all the recorded weightings together to get your final risk rating score

**Step 5** – select your total weighting in Table 2 – this line in the table shows your risk category and fees applicable

Premises Weighting Score	Hours Weighting Score	Enforcement Weighting Score	Total Weighting Score	My Risk Category
+	+	=		

#### 24.2 Table 1: Determining a Premises Risk Rating and Fees

### 24.4 Definitions: Restaurants:

**Class 1** – restaurants with a significant separate bar area which operates that bar at least one night a week in the nature of a tavern, such as serving alcohol without meals to tables situated in the bar area.

**Class 2** – restaurants that have a separate bar (which may include a small bar area) but which do not operate that area in the nature of a tavern at any time.

**Class 3** – restaurants that only serve alcohol to the table and do not have a separate bar area.

### 24.5 Clubs:

**Class 1** – large clubs (with 1,000 or more members of drinking age) and which, operate in the nature of a tavern (e.g. a large working men’s club, combined clubs, or large ‘cossie’ clubs).

**Class 2** – clubs which do not fit Class 1 or Class 3 definitions (e.g. larger sports clubs, medium sized RSA’s, many provincial social clubs).

**Class 3** – small clubs (with up to 250 members of drinking age) and which operate a bar for 40 hours or less per week (e.g. small sports clubs like bowling clubs, golf clubs, bridge clubs, and small RSA’s).

**Enforcement** – has the same meaning as a “Holding” under Section 288 of the Sale and Supply of Alcohol Act 2012, or a previous offence for which a holding has been issued if the offence occurred before 18 December 2013.

Local Authority Compliance Certificate (not set by statute) \$350.00

- Licensees are required to obtain this as supporting documentation, demonstrating that the activity they are seeking a licence for complies with the provisions of the District Plan.

## 25. SEWERAGE

### 25.1 Sewerage connection fees

Financial Contribution	(see formula below)
Administration Charge – Application Fee	250.00

Engineering and Installation Costs (plant, labour, materials)	Actual Cost
Basic Development Engineering Inspection Fee	200.00

For a **new single connection inside** the Scheme area, where the property has paid a previous financial contribution, or has been paying a half rate charge for more than the five previous years, the Financial Contribution is not required but the other costs shown are payable. Where the property has been paying a half rate charge for less than the five previous years, the Financial Contribution shown shall be reduced pro-rata i.e. discounted 20% per year of half rate payment.

The Financial Contribution and other costs shown are payable for **new connections outside** the Scheme area, and **additional connections** inside the Scheme area, where no previous financial contribution or half rate charge has been paid. Where intensification occurs, each self-contained habitable unit is deemed to be a separate connection for fees and rating purposes.

Where extensions have been made to existing schemes, the Financial Contribution for properties served by the extension includes the Financial Contribution for the existing scheme plus a contribution calculated on the basis of the value of the extension itself.

The Basic Development Engineering Inspection Fee is for inspections outside of the property boundary undertaken by Service Delivery Staff that are not covered under a building consent. The inspection can cover both sewerage and water supply inspections and is for developments up to three additional lots per inspection. Large developments will be charged on a time basis at the consent monitoring staff hourly rate.

## 25.2 Notes:

All properties connecting to or about to discharge to a public sewer shall complete the application form.

All costs associated with laying and making the connection, reinstating surfaces etc. shall be the responsibility of the applicant. This includes the costs associated with any required system upgrade.

### 30. TRADE WASTE

Council adopted a Trade Waste Bylaw in 2019. Trade Waste discharges are classified as one of the following types:

**Permitted Trade Waste;** (in which case an Approval Notice must be obtained).

**Conditional Trade Waste,** (in which case a Consent must be obtained or a Trade Waste Agreement be entered into); or

**Prohibited Trade Waste,** (in which case no Consent will be granted and no Trade Waste Agreement will be entered into, will be required to pre-treatment or additional treatment if allowed to be connected at all).

Charges for 2023/24:

Type of Consent	Category	UAC	Application fee for New or Change in Activity	Consent Period (Years)	Annual Inspection Fee	Annual Consent Maintenance Fee	Volumetric flow charge
Permitted	1	<del>480.00</del> 557.90	140.00	5	0	0	Not applicable

#### 35. WATER SUPPLY (RURAL)

Financial Contribution	(See formula below)
Administration Charge – Application Fee, non-refundable	250.00
Rural Water Scheme Modelling (Deposit)*	600.00

\* Please note that \$600 deposit is required for work to get underway – Actual Charge will be confirmed with applicant before proceeding, and the difference will be refunded if applicable.

**Financial Contribution for new consumers and additional over-design supplies**, to apply where a property is not connected to the scheme and has a design capacity allocated to it but no corresponding financial contribution has been paid. The contribution to be levied is to be for no less than the design capacity allocated to the property, or a property that has previously paid a financial contribution and has been given a corresponding allocation now seeks an increased supply in excess of that allocation. Provided it is possible to supply the additional water, the contribution is to be levied on each unit approved above the allocation.

The base financial contribution shall be calculated by multiplying the Property Area by the Scheme Factor except where otherwise indicated (see below). Residential/lifestyle properties may attract an increased charge. **The minimum charge shall be for a 2-unit supply.** Financial Contributions levied will be in addition to any cost of additional capital works required to make the connection or provide the supply.

Payment of the financial contribution is required prior to the supply being made. In each case the contribution and any entitlement created by it is to attach to the land.

In particular cases, financial contributions may be amended by resolution of the Rural Water Scheme Committee.

Notes:

All properties connecting to a public water main shall complete the application form.

All costs associated with laying and making the connection, reinstating surfaces etc. shall be the responsibility of the applicant. This includes the costs associated with any required system upgrade.

<b>Scheme</b>	<b>Scheme Factor \$</b>		<b>Cost/Unit \$</b>
Balmoral One	34.26		585.00
Balmoral Two	35.26		599.00
Clydevale – Pomahaka	<sup>2</sup>		1,070.00
Glenkenich	24.68		394.00
Moa Flat	21.04		336.00
North Bruce	39.70	farm connection (base charge)	887.00
North Bruce		residential / lifestyle <sup>1</sup>	3,548.00
Richardson	<sup>2</sup>	farm connection (base charge)	1,357.00
Richardson		residential / lifestyle <sup>1</sup>	3,252.00
South Bruce	22.44	farm connection (base charge)	380.00

Tuapeka	22.65		371.00
Wangaloa	32.50		604.00
Waipahi			426.00

Scheme Factor =  $\frac{((BV-OL) \times 0.25)}{SC} \times 0.065 + \text{GST}$

Where: BV = Book Value. OL = outstanding loans and SC = scheme capacity.

<sup>1</sup>For properties less than 30 ha

<sup>2</sup>For the Richardson and Clydevale-Pomahaka Schemes the following contribution will respectively apply: The contribution shall be five times the current unit rate for the Richardson scheme and three times the current unit rate for the Clydevale-Pomahaka scheme per unit of additional supply.

### 35.1 Unauthorised Water Use

Under provisions of the CDC Water Supply Bylaw, unauthorised use of water on rural schemes will be charged for at the estimated maximum unauthorised usage rate multiplied by the annual scheme unit charge, multiplied by the estimated period in years of unauthorised use (minimum 1 year). Additional to the estimated charge for water used, an administration charge of \$281.25, plus the actual costs to remedy unauthorised fittings and of follow-up re-inspection, will also be payable by the offender.

Example: If a 2-unit restrictor is found drilled out to supply 18 units, typical charges will be:

16 (units stolen) x \$166.40 (scheme unit charge) + \$250 (admin) + GST = \$3,349.26 + actual remedial and re- inspection costs.

### 35.2 Subdivision

The property owner at the time of subdivision shall be liable for all costs required to provide the minimum water allocation to each lot.

### 35.3 Out of District Water Rates

Charge per unit for the sale of water supplied to out of district customers, from the following Rural Water Schemes:

Glenkenich	<del>426.10</del> 481.9
Moa Flat	<del>245.00</del> 318.1
<b>Subject to change after rural water scheme meetings</b>	

## 36. WATER SUPPLY (URBAN)

### 36.1 Urban Water Connection Fees

Financial Contribution	(See formula below)
Administration Charge – Application Fee, non-refundable	250.00
Engineering and Installation Costs (plant, labour, materials)	Actual Cost
Basic Development Engineering Inspection Fee	200.00

For a **new single connection inside** the scheme area, where the property has paid a previous financial contribution, or has been paying a half rate charge for more than the five previous years, the Financial Contribution is not required but the other costs shown are payable. Where the property has been paying a half rate charge for less than the five previous years, the Financial Contribution shown shall be reduced pro-rata i.e. discounted 20% per year of half rate payment.

The Financial Contribution and other costs shown are payable for **new connections outside** the Scheme area, and **additional connections** inside the Scheme area, where no previous financial contribution or half rate charge has been paid. Where intensification occurs, each self-contained habitable unit is deemed to be a separate connection for fees and rating purposes.

For commercial premises (including residential premises converting to commercial) and for extraordinary connections (outside the Scheme area) a metered connection will be installed, for which the applicant shall be charged Actual Cost additional to all other relevant fees and charges.

The Basic Development Engineering Inspection Fee is for inspections outside of the property boundary undertaken by Service Delivery Staff that are not covered under a building consent. The inspection can cover both sewerage and water supply inspections and is for developments up to three additional lots per inspection. Large developments will be charged on a time basis at the consent monitoring staff hourly rate.

Notes:

All properties connecting to a public water main shall complete the application form.

All costs associated with laying and making the connection, reinstating surfaces etc shall be the responsibility of the applicant. This includes the costs associated with any required system upgrade.

Formula for FC =  $\frac{(BV-OL) \times 0.6 \times 2}{(NC \times 2) + NN} + GST$

BV = Book Value

NN = Number Not Connected

OL = Outstanding Loans

FC = Financial Contribution

NC = Number Connected

### 36.2 Metered Water Connection Charges

Water used below 366 m <sup>3</sup> /year	0.00
(incorporated in annual water rate)	
Water used over 366 m <sup>3</sup> /year	1.94/m <sup>3</sup>
Water used Commercial/industry penalty – in excess of agreed maximum	3.90/m <sup>3</sup>
<b>Water meter reading fee – on demand</b>	<b>50.00</b>
Annual admin fee	326.00

Metered water charges will apply as per section 25 of the Clutha District Council Water Supply Bylaw as above for all metered commercial and residential connections and will be charged once the base allocation (usually 366 cubic metres per annum) has been used. The Annual Admin fee is for bulk water carriers.
